

Indiana University - South Bend
Department of Computer and Information Sciences

Assistant Professor of Computer Science/Informatics

College of
Liberal Arts
and Sciences

The Department of Computer and Information Sciences invites applications for one or more tenure track positions for the 2007-2008 academic year. A Ph.D. in computer science or informatics or closely related area is required. Candidates with expertise in areas such as algorithms, theoretical computing, compilers, software engineering, and health care informatics will be given preference. Successful candidates will be expected to teach both undergraduate and graduate courses. Duties include research and teaching eighteen semester hours per year (usually 5 courses). Salary will be competitive. The position comes with an excellent fringe benefit package.

Applicants should submit by **January 1, 2007**, a letter of application, a curriculum vitae, transcripts, statements on teaching and research philosophy, and letters from three references to

Dr. Hossein Hakimzadeh, Chair
Department of Computer and Information Sciences
Indiana University South Bend
South Bend, IN 46634

Computer
and
Information
Sciences

At least one of the letters should address teaching qualifications. These materials may also be faxed to (574) 520-5589, or transmitted by email to compsci@iusb.edu. Completed applications by January 1, 2007 will receive full consideration. As an AA/EEO/ADA employer, Indiana University encourages women, minorities and the disabled to apply.
