2010 Search Year

Indiana University-South Bend, College of Liberal Arts and Sciences, Department of Computer and Information Sciences, Assistant Professor of Computer Science/Informatics.

The Department of Computer and Information Sciences invites applications for a tenure track position for the 2010-2011 academic year. A Ph.D. in computer science or informatics or closely related area is required. The department currently has expertise in areas such as database systems, artificial intelligence, networking, security, software engineering, bioinformatics, and graphics and is seeking to complement these areas. Candidates with an established research program and with teaching expertise in programming, algorithms and theoretical computing will be given preference. Successful candidates will be expected to teach both undergraduate and graduate courses. Duties include research and teaching eighteen semester hours per year. Salary will be competitive. The position comes with an excellent fringe benefit package.

Applicants should submit a letter of application, curriculum vitae, transcripts, statements on teaching and research philosophy, and letters from three references to Dr. David R. Surma, Chair, Department of Computer and Information Sciences, Indiana University South Bend, South Bend, IN 46634. At least one of the letters should address teaching qualifications. These materials may also be faxed to (574) 520-5589, or transmitted by Email to compsci@iusb.edu. Complete applications received by January 15, 2010 will receive full consideration. As an AA/EEO/ADA employer, Indiana University encourages women, minorities and the disabled to apply. Additional information about the department may be obtained by visiting our web site at www.cs.iusb.edu or www.informatics.iusb.edu.
